

EYES OF NATION TURNED UPON OKLAHOMA

WATCHING OUTCOME OF DISREGARD OF GOVERNOR'S ORDER

Each Member of House of Representatives
Served—Copies Posted on Senate and
House Doors—Believed Way Being Paved
for Court Action—Bloodshed Improbable

(By the Associated Press)
OKLAHOMA CITY, Sept. 25.—A general order issued by Adjutant General B. H. Markham forbidding the convening tomorrow of a special session of the state house of representatives was served late today on house members gathering here for the session.
As the order was served each member asked if he was being served as an individual or as a legislator.
Upon being told the service was in their capacity as legislators, each asked the name of Major J. J. McCartney, in charge of the service detail, and took the names of witnesses to the service. This was regarded as indicating that the way was being paved for court action to test the adjutant general's authority.
Copies of the order were posted on the house and senate doors.
Despite its issuance the opinion gained strength tonight that the stage had been set for the attempt tomorrow to convene the extraordinary session at which opponents of Governor J. C. Walton have promised to seek his impeachment.

MAKING HASTE TO DETERMINE LEAGUE STATUS

Legal Experts Work-
ing on Report of its
Competency

(By the Associated Press)
GENEVA, Sept. 25.—That speed is the guiding principle in the league of nations' determination to have its covenant subjected to judicial interpretation was evidenced tonight by the fact that the special committee of legal experts had already framed its preliminary report.
This examination was decided upon because of Italy's refusal to admit the competency of the covenant with respect to her recent dispute with Greece.
The league council met tonight and received the report of the experts who were appointed to frame suitable questions on which the covenant could be judged the idea being to submit them to the permanent court of international justice for an advisory opinion and to secure illuminating rulings which will serve as a basis for the future. Just what does the covenant mean is the general end which the league seeks to attain.
The experts reported that they had drawn up five questions. These have not been made public but it is understood that three of them directly concern the league's competency. One refers to the responsibility of states for political crimes committed within their borders.
Multitudinous committees occur.

Famous Stokes Case Goes to Grand Jury

(By the Associated Press)
CHICAGO, Sept. 25.—Charles S. Wharton, assistant state's attorney, conferred today with Thomas Marshall, indictment expert of the state's attorney's office regarding evidence brought out during the investigation of charges by Mrs. Helen Elwood Stokes that her husband, W. E. D. Stokes, wealthy New York hotel owner, had attempted to injure her reputation. If Mr. Marshall decides that the facts warrant, Mr. Wharton indicated that the entire matter will be placed before the grand jury tomorrow.
The admissions of several persons questioned, mostly negroes that they had made false affidavits at the solicitation of agents aiming to represent Stokes or his New York attorneys to the effect that Mrs. Stokes was an inmate of a notorious club of 20

NATIONALIST MOVEMENT IN GERMANY SEEN

If Successful Would
Complicate Ruhr
Situation

(By the Associated Press)
PARIS, Sept. 25.—The political situation in Germany as the aftermath of the decision to abandon passive resistance in the Ruhr is being watched by some French government with some anxiety in view of the possibilities of a Nationalist movement, such as one tending to separate Bavaria from the Reich; the outbreak of mild Bolshevism in Prussia and fresh impetus to the separatist movement in the Rhineland.
Should serious disturbances of any sort arise in the rest of Germany it is thought they would most certainly have the result of increasing the number of Rhinelanders desiring to assure continuation of their tranquility by separation.

Use of Troops
The allied troops, it is asserted in official circles, will not be allowed to take sides in any conflict, as in the absence of other military force responsibility rests upon them for the maintenance of order in the occupied territory. There is good reason for the conclusion that the French attribute little importance to the separatist movement thus far, but that they will not intervene to prevent the inhabitants from taking any action they see fit, so long as order is not disturbed.
In the event the cessation of passive resistance is not attended by violent outbreaks, the allied will, it is assumed here, be faced at once with the necessity of providing for a new regime of occupation.

QUIET NOW REIGNS THROUGHOUT BULGARIA

(By the Associated Press)
WASHINGTON, Sept. 25.—The Bulgarian legation made public today a cablegram received from the premier at Sofia saying the communist movement in Bulgaria now centers in the northwestern part of the country but that necessary measures of pacification have been taken.
The despatch dated yesterday said:
"In southern Bulgaria almost everywhere the communist movement has been suppressed. In northern Bulgaria attempts have been made here and there but without any particular significance. The center of the movement now is in northwestern Bulgaria where the communist dispose with considerable numbers of people, but the government has taken necessary measures for the pacification of that region, also."

Dr. William L. Noble, president, said work on the \$22,000 addition now being erected for the mercantile branches is being pushed for early occupancy this semester.

WHEAT FARMERS NEEDS BEING STUDIED BY THE PRESIDENT

(By the Associated Press)
WASHINGTON, Sept. 25.—Various proposals for prompt relief of the country's wheat farmers are given consideration today by President Coolidge and his cabinet. Further study and information on the subject however was decided on before any definite action is taken by the government and the president arranged to receive a delegation of farmers and bankers from the ninth federal reserve district at the white house Thursday.
Secretary Wallace laid before the cabinet a report on the wheat situation at home and abroad, suggested a 25 per cent reduction in freight rates and the establishment by the government of an agricultural export commission or corporation with broad powers.
It was also suggested that tariff rates on wheat be increased to 45 cents per bushel, but both proposals to lower freight rates and raised duties contained certain features which were said to have brought some objection by administration officials. Secretary Wallace in presenting a resume of the domestic and world wheat situation declared the government had a very definite responsibility, not only to wheat farmers but to the farmers in general, first, because the country cannot hope to have the general prosperity it desires under fair price relationships between agriculture, industry, commerce and labor are restored and second, because the government itself is in part responsible for the difficulties under which the farmers are now working.
"Attention must be given to the condition of agriculture as a whole."

GORDON BENNETT CUP GOES AGAIN TO THE BELGIAN

International Balloon Race
Won by DeMuyter in
Belgica

(By the Associated Press)
BRUSSELS, Sept. 25.—The last balloon competing for the Gordon Bennett cup, the Belgian entry, Prince Leopold, piloted by Veenstra and Lieutenant Quersin, has been accounted for.
The Prince Leopold landed at Mollerud, on Lake Venner in Sweden. The distance traveled by the balloon was less than that covered by Demuyter in the Belgica, and Demuyter accordingly is the winner of the cup.
Demuyter's distance last year, when he won the trophy, was 875 miles, and his time then was 25 hours, as compared with 21 hours this year.

The tragic race which started Sunday from the broad plain of Solbosch, outside of Brussels, caused the death of five pilots or aides, the grave injury of one and less injuries to four others, the destruction of several of the balloons and the fall of two of them into the sea—all of which may lead to the race rules being changed for future contests.

A Narrow Escape
Dubois, who had a narrow escape when the French balloon Savie fell mass-like, owing to the snow which collected on it, wants the race in June or July. Others are strongly of the opinion that a more favorable season of the year for the contest would mean less danger to the lives of the contestants.

President Jacobs of the Belgian Aero Club is against changing the regulations so far as concerns postponing the start. The date was chosen, he says, because cyclonic conditions existed which were necessary for distance and desired by the pilots. Anti-cyclonic conditions would give no interesting results. The equinoctial period was chosen because then the ruling winds in Belgium carry the balloons toward central and southern Europe; not towards England and the ocean.

SEVENTY ENTOMBED IN A FLOODED PIT

(By the Associated Press)
GLASGOW, Sept. 25.—Seventy men were entombed when a deep pit at the James Nimmo company's colliery near Falkirk was flooded today. It was feared that all would perish, but one party of men succeeded in making their escape thru a disused shaft. There are now forty-one unaccounted for and it is almost certain they are dead.

When the water which broke through the walls of an adjacent pit had reached their waists, one of the entombed men remembered the existence of a shaft, which they managed to reach. With the aid of picks and shovels, they cut their way thru debris and wreckage and crawled out in time to meet a rescue party.

PAT MARR COMPANIES FACE RECEIVERSHIP

TEXARKANA, Sept. 25.—Receivership proceedings were filed in federal district court here today against Pat Marr, as trustee for the Double Barrel Gusher syndicate of Eldorado, Ark., and several other oil concerns. The suit filed by Robert Rogers and other residents of Iowa and Wisconsin, declares the properties involved are valued at \$6,000,000.

JUDGMENT ERROR ADMITTED CAUSE DESTROYER LOSS

Captain Delphy Makes Ad-
mission Before Board
of Inquiry

(By the Associated Press)
SAN DIEGO, Calif., Sept. 25.—An error in judgment caused the wreck of seven destroyers off Honda, California, September 8, according to Lieutenant Commander D. T. Hunter, commanding officer of the U. S. S. Delphy, which was leading the column when destroyer squadron eleven rode into the surf at 20 knots.

That it was an error in judgment that hurled seven ships to destruction and 23 men to their death was admitted by the captain of Delphy shortly before he concluded his testimony late today before the naval court of inquiry investigating the disaster. Lieutenant Commander Hunter had been on the witness stand for several hours and had given the court a detailed account of the last voyage of the Delphy, beginning with her departure from San Francisco on the morning of September 8, and ending with the tragic fate of J. T. Pearson, the badly injured man who had to be left on board the doomed ship when most of its officers and crew fought their way ashore.

Cross Examination
He was being cross questioned by counsel for other defendants when he was interrupted by Admiral W. V. Pratt, senior member of the court.

"Do you mean to say that the wreck was an act of Providence?" asked the admiral, "or an error in judgment?"
"I'll have to admit that it was an error in judgment," replied the witness. Then after a long pause.
"But as contributory causes I believe the unusual northerly course we encountered near Point Arguello and the fact that a bilateral radio compass is used there were partly responsible."
"I think there is also a possibility that abnormal currents caused by the Japanese earthquake might have been another contributory cause or magnetic disturbances connected with the solar eclipse affecting the compass—but of this I cannot, of course, speak, with any first hand knowledge."

ARREST IMMINENT

Milville, N. J., Sept. 25.—A young Philadelphia, son of a wealthy family, County Detective Frank Loree declared tonight would probably be arrested within the next 24 hours as the alleged slayer of Emma Dickson, 15 year old high school girl, of Bricksboro whose body was found in a clump of weeds near Port Elizabeth, N. J., last Saturday.

U. S. BUILDING IS DENIED TO LEGISLATORS

Custodian of Federal
Building in Oklaho-
ma City Instructed

(By the Associated Press)
OKLAHOMA CITY, Ok., Sept. 25.—Federal buildings will be barred to members of the state legislature for their proposed special session, Governor J. C. Walton was advised tonight in a telegram from C. Bascom Slempp, secretary to President Coolidge.
"Use of federal buildings for purposes other than business of the United States government is contrary to regulations," Secretary Slempp telegraphed Governor Walton.
The telegram added that the custodian of the Oklahoma City federal building had been instructed not to permit the building to be used for any unauthorized purpose.

TO PREVENT ASSEMBLY

WASHINGTON, Sept. 25.—Administration officials late tonight decided to prevent members of the Oklahoma state legislature from meeting tomorrow in the federal building in Oklahoma City.
The decision was reached after the white house executive offices were closed and on petition of Governor Walton, who reported that an attempt would be made to use a government building if the legislators failed to gain entrance to the capitol. Governor Walton disputed the legality of the act and Washington officials who steadfastly have declined to invade the federal government in the Oklahoma situation decided the federal building should not be used.

PYTHIANS STAGE BIG TORCH LIGHT PARADE

(By the Associated Press)
CHICAGO, Sept. 25.—Several hundred delegates to the grand lodge meeting of the Knights of Pythias of Illinois, accompanied by more than 2,000 out of town visitors, staged an old-time torch parade thru the streets of Chicago tonight to a West side amusement center where they were the guests for the evening of the West Side Chamber of Commerce.

Virtually every town in Illinois was represented in the parade which followed the first day's sessions of the grand lodge officers. A reception and dance were to conclude the evening's program.
Several drill teams of the "Dokeys," (Dramatic Order of Knights of Khorassan) will stage a competitive drill in Grant Park tomorrow afternoon. The convention of the Illinois Grand Lodge of the Pythian Sisters will open tomorrow and continue until Sunday in conjunction with the main lodge convention.

FEDERAL JUDGES IN IMPORTANT SESSION

(By the Associated Press)
SPRINGFIELD, Ill., Sept. 25.—Three federal judges will sit in the United States district court in this city tomorrow morning to hear an attack on certain provisions of the general corporation law of Illinois. The attack is made by the American Telegraph & Telephone company in an injunction suit filed against Secretary of State L. L. Emmerson. The company paid under protest a franchise tax fee of \$7,481.25 and seeks to restrain the secretary from paying the fund into the state treasury. The company contends it is an interstate corporation and not amenable to the tax laws of Illinois. The judges to hear the case are: Louis FitzHenry of Bloomington, George B. English, Danville, and George T. Page of Chicago.

CROSS BLAZING

Muskogee, Okla., Sept. 25.—The fiery cross of the Ku Klux Klan is blazing tonight over the local "Klavern" where a meeting is said to be in progress. High Klan officials from Atlanta are reported in the city. The Klan cross was recently barred in Oklahoma by Governor J. C. Walton under a martial law decree.

Georgetown, Texas, Sept. 25.—Murray Jackson was given five years in the state penitentiary late tonight by a jury which found him guilty of assault with a prohibited weapon as a participant in the flopping near Taylor of R. W. Burleson, traveling salesman on April 10 last.

REPRESENTATIVES AND SENATORS ARE BACK FROM EUROPE

Made Trip to Obtain First Hand Information
on Conditions—Interviews Had With Several on Arrival in New York—McKellar of Tennessee, Sees Another European War

(By the Associated Press)
NEW YORK, Sept. 25.—Reinforced with first hand information which probably will figure in debates in congress this winter, a group of United States senators and representatives returned today on the Leviathan from Europe, where they studied political and economic conditions. Some of them also attended the international parliamentary union at Copenhagen.
Among the returning congressmen were Senator Joseph Robinson of Arkansas, Senator Kenneth McKellar of Tennessee, Senator William B. McKinley of Illinois, Senator Claude Swanson of Virginia, Representative Nicholas Longworth of Ohio, and Representative J. E. Raker of California.
Senator Robinson, who as minority leader of the senate has been mentioned as a presidential possibility, when asked if he would accept the Democratic nomination said: "I want to render the best service of which I am capable in the United States senate. I am seeking no further advancement. I don't want to impair my usefulness in the senate by becoming a candidate for the presidency."

Senator Robinson declared that Mussolini is hailed by his countrymen as the one great man of the post-war period and that his influence and popularity was increased by the Italian-Greek incident. He is generally hated, however, by the other nations because of his denying of the jurisdiction of the league of nations and is in danger of making enemies that may bring about his downfall, said the senator, who declared that Italy may find herself in need of the good offices of the league before 25 years have passed.

CHANCELLOR OF GERMANY FEELS POLICY UPHELD

Predicts Approval of
Passive Resistance
Abandonment

(By the Associated Press)
BERLIN, Sept. 25.—Support for Chancellor Stresemann in his efforts to bring about a speedy termination of the Ruhr and Rhineland conflict has sufficiently crystallized to warrant the prediction that the government will command more than a comfortable majority in approval of its formal declaration to the reichstag Thursday. So far the government has been vouchsafed the support of the Ruhr and Rhineland, as voiced by its authorized spokesmen at Monday's prolonged conference support, which, it is emphasized, adequately reflects the immediate sentiment of the peoples of the occupied areas.
The charge that this conference was not representative is countered by the government with the statement that the men whom the chancellor summoned to Berlin yesterday constituted the same group as recommended passive resistance to Chancellor Cuno.

Confers with Premiers

The chancellor's conference today with the premiers of the federated states and members of the federal council was also in complete accord with the cabinet's procedure, even the redoubtable Dr. Von Knilling admitting the inevitable necessity of scrapping resistance in the face of over-

Indictments Returned In Beer Running Case

(By the Associated Press)
CHICAGO, Sept. 25.—The grand jury investigating the slaying of three men in the past two weeks in what the authorities term a feud between rival gangs of beer runners today returned its first indictments. Daniel McFall former deputy sheriff was indicted for the murder of Jerry O'Connor who was shot in a saloon when two rival factions of beer runners are alleged to have clashed.
Two others specified as John Doe and Richard Doe were named with him. McFall was held without bail.
Thomas and Walter O'Donnell, brothers, and Joe Larsen all alleged principals of one of the beer running bands were also indicted for robbery and assault with intent to kill in connection with attacks on two saloonkeepers al-
leged to have bought beer from another faction of beer runners.
The attacks occurred on the same day O'Donnell was killed. Larsen and Walter O'Donnell together with Joseph Bucher and William Dickman are also charged with being accessories after the fact in connection with O'Connor's slaying.
All of the indictments returned relate to the indictments surrounding the slaying of O'Connor, none being returned as yet in connection with the killing of George Meagan and George Buchner, who were shot to death a few days after O'Connor was killed.
Mayor William E. Dever today revoked 94 saloon and soft drink parol licenses, making a total of nearly 200 revoked by the city, while the federal authorities were preparing to ask injunctions.

TODAY'S HAMILTON.

The confidence of the business
world in the administration of
the Treasury by Secretary Mellon
was again strikingly shown when
subscriptions were asked for
\$200,000,000 worth of Treasury
certificates of indebtedness. The
total amount subscribed was
\$553,678,500. Less than half
that sum was accepted, as refund-
ing operations of the Treasury
had no need of any more, but the
incident shows the complete trust
of bankers in Mr. Mellon's poli-
cies.

Boy Scout work is taking on
new activity now that the fall sea-
son is at hand, and wolf packs for
the younger boys are being organ-
ized. Those who have given atten-
tion to the boy scout move-
ment are more and more con-
vinced that it is one of the biggest
and best things for developing
manly boys that has ever been
undertaken. So it is a fine thing
to know that a definite movement
is under way in Jacksonville for
the formation of a first class
Scout council. This would mean
the employment of an all time
Scout executive, one thoroughly skill-
ed in the work and not until this
is done will Scout work be any-
where near "at its best."

It is difficult to judge as to
just what are all the facts which
brought about the present diffi-
cult situation in Oklahoma. To-
day the crisis may be reached, as
certain members of the legisla-
ture have announced that they
will certainly convene for the pur-
pose of impeaching the governor,
and the governor has given or-
ders that with martial law in ef-
fect troops will prevent any such
gathering.

With the whole situation get-
ting more cloudy instead of clear-
ing up, it will not be a surprising
thing if the federal government
finds it necessary to intervene.
This, however, will be a distaste-
ful thing either for the adminis-
tration or for congress. The U.
S. constitution has one provision

which either side may eventually
invoke.
"The United States shall guar-
antee to every state in this Union
a republican form of government,
and shall protect each of them
against invasion, on application
of the legislature or of the execu-
tive (when the legislature cannot
be convened) against domestic
violence."

The fact that the Morgan
county central committee has
been called for an early meeting
to nominate men for the office
of justice of the peace brings to
mind that the county election is
scheduled for a date less than
two months in the future. At
this time the voters will select
a member of the county board to
serve for a period of three years.

J. E. Osborne, who is now serv-
ing on the board with great ac-
ceptance, somewhat reluctantly
becomes a candidate for re-elec-
tion. Along with his associates
on the board Mr. Osborne has
made a splendid record in the ap-
plication of private business
methods to public business.

Some facts from the county re-
cords to show that economy and
other evidences of good business
judgment now dominate county
board affairs will be presented to
the public at a later date.

Old Jacksonville

WILLIAM COFFIN

(BY ENSLEY MOORE)

Member Illinois Historical Society

Among the young early prominent
in Jacksonville was William Coffin.
He was the son of Nathaniel Coffin
for years agent in business of Illinois
college, afterwards a leading insur-
ance man. William left here about
1865, and went to Batavia, Kan-
sas.

Eames in his "History" said of him
"Of genial disposition, versatile tal-
ent, attractive social condition, and
with wife and children that any man
might be happy with and proud of,
it is not to be wondered that he made
lost of friends here and elsewhere.

As preacher in the pulpit, profes-
sor in the chair, banker in the count-
ing room, paterfamilias in the quiet
Christian home, or friend in the
social circles, he has ever been hon-
ored and loved.

He was born in Wiscasset, Maine in
1822 and at the age of fourteen came

here, with his father's family. He en-
tered Illinois college and was grad-
uated from it in 1841. Three years
later he was a member of the faculty,
until 1852. In 1847 he was most hap-
pily united with a lovely Christian
woman, now gone to her heavenly re-
ward, Mary E. Lockwood, daughter
of the late Judge Samuel D. Lock-
wood."

They had five boys and two girls.
Mrs. Coffin died in 1877. Mr. Coffin,
in 1883, married Miss Sophia M.
Sawyer, with whom he finished his
life, at a good old age.

Colleagues and citizens alike all
thought highly of the family. Eames
high eulogy of Mrs. Mary E. Coffin
was re-echoed in church, society and
private life.

This subject is one on which pages
might well be written.

belonged to a long known Jack-
sonville family and had spent her
entire life in this city.

She was born June 28, 1869,
and was a daughter of Frederick
and Sophia Degen, prominent
among the earlier residents of
Jacksonville. The deceased was
educated in local schools. She
was a faithful member of the
Church of Our Savior and active-
ly associated with the work of the
Catholic Ladies Aid society.

Altho Miss Degen lived quiet-
ly hers was a useful life and her
kindly generous spirit, manifest-
ed in many ways, gave her the
friendship of many.

Miss Degen's illness had con-
tinued thru a period of four
weeks and in recent days the
members of her family and inti-
mate friends realized that her
condition was critical. Surviving
are two sisters, Miss Lena Degen
and Mrs. Joseph Kumble of this
city. One sister, Mrs. John Petry,
and two brothers, Charles L. and
Fred J. Degen, preceded her in
death.

Funeral services are to be held
at the Church of Our Savior
Thursday morning at 9 o'clock.

FUNERALS

Funeral services in memory of the late Mrs. Irving Woods were held at the family home, 252 Caldwell street, Tuesday afternoon. A large company of friends assembled for the services which were made unusually impressive.

Rev. G. E. Stickney, pastor of the Congregational church, and Dr. R. O. Post, were in charge of the services. Brief references were made by the ministers to the strong and beautiful life which came to such a sudden and untimely end.

Mrs. A. R. Gregory sang "Some Time We'll Understand," with Mrs. G. E. Stickney as accompanist. The many beautiful flowers were cared for by Misses Frances Strawn, Virginia Cummings, Virginia Spink and Betty Palmer.

Interment was in Diamond Grove cemetery and the bearers were T. P. Carter, M. L. Robinson, Harry M. Capps, J. Allerton Palmer, L. S. Doane and Arthur D. Fairbank.

Westminster Notes

The chicken pie supper to be given to the Presbyterian men next Friday evening is being prepared by a committee of which Mrs. John T. Gunn is chairman. Mr. Henry Kamm and Supt. Shafer are a committee upon invitation. They expect one hundred or more from Northminster, State Street and Westminster. The singing will be a live feature. But the deepest impression will be made by Dr. Horst, of the men's work department. He comes from Chicago to speak at Taylorville Thursday night, and here Friday night. Tickets cost fifty cents.

The reception to the college and high school students will be given on Thursday evening at 7:30. The program will be enlivened by a Lincoln film and also by a comedy film, "The Orderly." The young people expect not only the students but many of the officers of the church and their wives. The refreshments will not be lacking.

It is expected that the Bible school will rally next Sunday in the newly decorated lecture room. Mrs. Walter Rabjohns, Miss Eleanor Moore, Miss Margaret Moore, Miss Louise Holmes and Mrs. G. W. Schneider constitute the committee upon program. The daily day services for the congregation will be held at 10:45.

Next Sunday evening the last of the Lincoln cycle of films will be shown. Last Sunday's film drew the largest attendance yet. "Under the Stars" will be given next Sunday. Dr. Smith is endeavoring to make the Sunday evening sermon directly evangelistic.

Mrs. Stanley I. Davis is reorganizing the Sunday morning kindergarten class where the youngest ones are cared for and instructed while the parents attend church service.

W. C. T. U. HELD REGULAR

MEETING TUESDAY

The regular meeting of the local W. C. T. U. was held yesterday afternoon at the home of Mrs. Charles Souza on North Diamond street. In the absence of the president, Mrs. Hattie Daniels, the county president, came from Murrayville to preside. She also led the devotionals. It was voted to hold one program dealing with each of the forty-seven departments of W. C. T. U. work during the year. Mrs. Souza was appointed as superintendent of the relief work, and will have charge of the next meeting, which will occur at the home of Miss Olive Blunt.

One new member, Mrs. Lillie Sardonha, was received into the organization at the meeting. There was a good attendance and much interest and enthusiasm for the work of the coming year was manifest.

The hostess served delicious refreshments, following the meeting, and those present enjoyed a social hour.

ILLINI LODGE HELD INTERESTING SESSION

The regular meeting of Illini No. 4 I. O. O. F. was held Tuesday evening at which considerable interest was manifested among the members on account of the boost that is going on for a heavy winter's work.

The staff is fastly rounding into shape for the coming work and the booster committee reports a great many cards being received for proposals for membership. Arrangements being made by the float committee for the appearance of a float in the Grand Lodge parade in Springfield, are coming along nicely, and it is believed that this event will be one of much interest.

Members who can conveniently attend regular weekly meetings will probably find much to interest them in the present activities of the lodge.

MAKING HASTE TO DETERMINE LEAGUE STATUS

(Continued from Page One) pined five of the league's commissions today. They sat simultaneously at the league headquarters, but the most troublesome problem of all was that definitely non-permanent members of the council shall be elected.

The system of election has never been clearly outlined and today's deliberations brought no further light. The council now is composed of four permanent members, Great Britain, France, Italy and Japan the six non-permanent members are Spain, Belgium, Brazil, China, Uruguay and Sweden. The non-permanent members are elected yearly as the amendment that only two should go out every year never was ratified. Both Poland and Czechoslovakia are campaigning for seats in the council and it is generally expected that M. Benes of Czechoslovakia, will be elected. China probably will lose her seat.

France's Proposal

The French today proposed the abolition of the temporary mixed commission of the league which handles questions on the disarmament on the ground that it contains no representation figures and therefore can achieve nothing concrete in armament reduction.

CHANCELLOR OF GERMANY FEELS POLICY UPHELD

(Continued from Page One) whelming financial, economic and social odds. The Bavarian premier proved surprising docile. After conferring with the visiting premiers the chancellor received delegations representing the reichstag parties of which the German nationalists alone assume an oppositional attitude.

The reactionaries demanded nothing short of an ultimatum to France and a breach of relations unless the occupying powers immediately conceded the points of honor which Stresemann sought to make a prior condition to his surrender of passive resistance.

Sanction Is General

The United Socialists, Clericals, Democrats and the chancellor's own party, the German people's party, sanctioned the government's action and while there was scattering opposition this was viewed as being prompted chiefly by reasons of personal prestige.

Active opposition from the Bavarian people's party which nominally votes with the clericals, is not anticipated and if the Bavarians conclude to withhold their support in the reichstag it is believed the opposition will be of a negative character. Chancellor Stresemann's most convincing argument brought his extensive conversations during the past 48 hours proved to be the official admission that passive resistance had been costing Germany eight quadrillion marks weekly.

"MY CHINA DOLL" PRESENTED AT GRAND

"My China Doll" presented by LeComte & Flecher, has been heralded as a brilliant musical comedy. Such it proved to be, as presented at the Grand theater last night. This musical production included a cast of real worth and an especially clever chorus. The costumes and electrical effects were especially admirable and in fact there was nothing about "My China Doll" to bring criticism.

The music was tuneful and very evidently the producers have used great discretion in the choice of their company members. Manager Scott brought a high class attraction to the Grand when he signed the contract for "My China Doll."

NEW YORK NEWSPAPERS

The strike of newspaper pressmen in New York is still embarrassing the newspapers of the metropolis and 11 or 12 of them continue to publish one paper. Until yesterday the edition was limited to eight pages but the arrival of more pressmen from outside points made possible an increase to 16 pages.

John S. Jackett yesterday received one of the papers from his brother, who is a resident in New York, and other copies also have been received. The consolidated newspaper is really quite a curiosity when the rivalry of the New York papers is taken into account and the size of their customary publications.

BODY OF MAN

TO BE EXHUMED

Springfield, Ill., Sept. 25.—Judge E. S. Smith in the Sangamon county circuit court this afternoon, ordered exhumation of the body of Rollie Womack, track walker for the Wabash railroad who was found slain at Illinois Sunday. The state's attorney, coroner and sheriff believe that one bullet in the body of the dead man will furnish the only clue as to identity of Womack's slayer. Womack's body was found riddled with bullets Sunday and had been placed on the Wabash tracks to thwart suspicion in the opinion of county officials.

MORRIS PENSIONERS Suing Armour & Co.

(By the Associated Press) CHICAGO, Sept. 25.—Twenty-two pensioners of Morris & Co., recently absorbed by Armour & Co., who claim to speak for 500 pensioners, filed suit in circuit court today for an accounting of the pension fund of Morris & Co., the return of \$700,000 claimed to have been wrongfully paid from this fund and the establishment of a trust fund of \$7,000,000 to care for the needs of the pensioners. The bill alleges that the pensioners were notified at the time of the merger that there were only \$320,000 in the fund and that payments would be discontinued at the end of 14 months. It is further charged that \$700,000 of the fund was paid to persons not entitled to it and by them transferred to the Armour and company pension fund, thence into general coffers of that company.

CRUELLES RECEIVE STAY OF SENTENCE

(By the Associated Press) CHICAGO, Sept. 25.—Mrs. Sabelle Nitti Crudelle, the dowdy peasant woman awaiting execution on October 12 in the Cook county jail, was sure tonight that all her troubles were ended.

Informed today that a writ of supersedeas had been granted by Justice Orin N. Carter of the Illinois supreme court staying execution pending an appeal to the supreme court, Mrs. Crudelle became hysterical, then fell on her knees and kissed the hand of her attorney unable to understand anything except that she was not to be hanged on October 12.

Peter Crudelle, her husband, also under sentence of death received the news without emotion. They were convicted of slaying Mrs. Crudelle's first husband with a hammer while Crudelle was a barmaid at the Nitti home. A few months later they were married.

B'namen Sand's was in the city from Cleveland O. Tuesday.

The Car Owner knows that it means a New Battery

To get the best battery, it is first necessary to choose the best plates—the longest lived plates.

What the thoroughbred is to commonbred, Prest-O-Plates are to ordinary plates. They reveal their two-fold value in heat-resisting, non-buckling strength in hottest summer, and a ready reserve power in coldest winter.

Car owners may well select Prest-O-Lite Batteries on account of Prest-O-Plates

W. N. HAIRGROVE BACK FROM ALASKA TRIP

Jacksonville Attorney Had Great Travel Expedition—Offers Proof of Grizzly Bear Story.

After two months' journey which took him to Alaska, William N. Hairgrove has returned to Jacksonville. This is Mr. Hairgrove's second trip to Alaska and he enjoyed it so much that he is looking forward to the third expedition at some other time.

The Jacksonville attorney was in company during the entire time with Mr. and Mrs. S. J. Jones of Chicago, Mr. Jones being associated with the Chicago State bank. Returning by way of Chicago, Mr. Hairgrove spent a day or two there and a dinner was given in his honor Monday night at the Great Northern hotel by Mr. and Mrs. Clarence Darrow of Chicago and Senator and Mrs. Pettigrew of North Dakota.

When local friends of Mr. Hairgrove heard some weeks ago that he had shot and killed a grizzly bear they thought it a good story but were not so certain about the facts. In proof of his marksmanship Mr. Hairgrove is showing a copy of the Wrangell (Alaska) Sentinel of September 13, which gives the story of the bear killing on the front page. The skin is now being tanned and in the form of a rug will be submitted as further evidence. Here is the Sentinel's story:

The Bear Story.
"William N. Hairgrove of Jacksonville, Illinois, and Mr. and Mrs. S. J. Jones of Chicago were aboard the Northwestern southbound a few days ago. Before going into the interior of Alaska they spent a couple of weeks in Wrangell and made a trip up the Stikine river to Telegraph creek on the Hazel B. No. 4, which is one of the boats operated by the Barrington Transportation Co.

"As everyone in Wrangell knows it is no uncommon sight to see big game from the deck of the river boat. Mountain sheep, bear and moose are seen on almost every trip up the Stikine and the passengers often shoot at them. However, the animals are generally seen at a distance and often get away out of range after one or two shots have been fired. When Mr. Hairgrove made his trip up the Stikine recently a huge grizzly bear was discovered shortly after leaving Wrangell.

"Mr. Hairgrove expressed a desire to take a shot at the bear and Capt. Barrington stopped the vessel in order to give him a better chance to make a good shot. The bear was so far away that no one believed that there was any chance of the bear being killed. But Mr. Hairgrove surprised the passengers and himself by bringing down the bear at first shot. Mrs. Jones, who had never been in the wilds before, was somewhat excited over seeing a bear killed, but no more so than was Mr. Hairgrove.

"Mr. Hairgrove said he was going to take the bear's skin back home as a souvenir of the trip, but that even with this evidence he doubted if his friends in Jacksonville would believe that he had actually killed a grizzly."

HOG CHOLERA NOW PREVALENT IN COUNTY

Hog cholera has spread rapidly recently in different parts of Illinois during the past few weeks, taking heavy toll. The spreading of the infection will continue unless the hog raisers take immediate advantage of the only alternative, vaccination is the opinion of many stockmen.

A man widely experienced in hog feeding said yesterday:

"At this season of the year one of the greatest problems is the feeding of green corn. Green corn does not produce cholera but the careless use of such feed may greatly increase the losses where the herd is infected. Every hog should be immunized before beginning the feeding of green corn for safety's sake. Farmers should consider it doubly prudent to vaccinate this season as a great deal of the late planted corn will not be fully matured this fall and all of this corn fed means just that many more chances with a herd which has not been vaccinated.

"Even with hogs which have received the double treatment cholera will some times appear in the herd, caused by improper feeding. It has been proven very dangerous to turn hogs just off the market into the cornfield when their resistance and powers have been lessened by exhaustion caused by handling and shipping and from the application of the treatment. Under these conditions it is very unwise to permit the hog to overload the stomach."

LIBRARY BOOKS FOR GRADE SCHOOLS

The Public Library sent out the usual assortment of books to the grade schools Tuesday. These books are chosen each semester, from the Children's Library, with much care, in order always to secure books which will be interesting and at the same time suitable for and useful to the grades to which they go.

The children get much enjoyment from these books and the average child does not have to be persuaded by either parents or teacher to read them. After reading the books outside of school hours, the pupils give written or oral reports on them in connection with either English or reading lessons. This furnishes the children with an abundance of wholesome and beneficial reading, which they might not all get if left to their own judgment.

Where did that word "style"
come from?

IT'S an important word; everybody wants it in clothes. The word originally came from the Latin "stilus" meaning a writing instrument, a manner of writing, or a mode of expression

In these days "style" is really a "manner of writing" about the man who wears it. If the style is good it says he has taste, judgment, respect for himself—

The style you'll get here will say these things about you; it's good; Hart Schaffner & Marx style

GIANTS ADVANCED IN PENNANT RACE

By Defeating Cincinnati New York Needs Only One More Game to Clinch Pennant—Reds Have Four More Games

CINCINNATI, O., Sept. 25.—The champion New York Giants advanced to within one game of their pennant goal by winning the last game of their western tour from Cincinnati Reds today 3 to 2. Luque was hit hard in the early rounds, but with good control and excellent support, managed to keep the score close.

The Giants scored in the second inning on Meusel's triple to the score board and a single by Stengel. They bunched four singles for two earned runs and the game in the third, after which they could do little with the Cuban who struck out six men.

Watson was very effective except in the first and last innings. Burns and Daubert opened the first by driving out consecutive doubles on two pitched balls the former scoring. With two out in the last half of the ninth, singles by Duncan, Hargrave and Pinelli yielded one run but Fowler ended the game with a grounder to Bancroft. The Giants need only one more victory to clinch their third straight flag. They left for the east to night and will close their season with four games with Brooklyn and one with Boston. If they win any one of these five games the Reds cannot overtake them even by winning all four of their remaining contests two of which are with St. Louis and two with Pittsburgh.

RED SOX LOSE THREE STRAIGHT TO BROWNS

Visitors Stole Five Bases—Ezzell Loses, Sliding to Base and Collins Runs

BOSTON, Sept. 25.—St. Louis made it three straight over Boston by bunting hits with Boston errors today and winning 3 to 2. The visitors stole five bases. A barehanded stop over third by Ezzell on which he started a double play was a brilliant fielding feature. In the third Ezzell's shoe was partly off as he slid into second base. Manager Chance of Boston granted him the privilege of having P. Collins as a temporary runner. The latter scored around and then Ezzell returned to the game. The score:

SUNDAY'S GAME TO DECIDE CONTEST

Will Be Fifth of Series Between Indians and Murrayville—Score Now Is Two to Two

It is expected that the largest crowd of the season will witness the game Sunday afternoon between the Indians and the Murrayville Merchants at South Side park. It was originally planned to make the series with Murrayville cover seven games, but these arrangements have been changed so that the Sunday game will be the deciding game in the five game series, as the visitors won the first two games and the locals annexed the last two. So the finish is sure to be hard-bolled.

The same pitchers, Fryman and Fanning will face each other and it will be a splendid chance to decide which has the most attractive amount of stuff. If Fryman get by his hoodoo innings, which are the first and second, without losing his prestige, he is willing to wager an Irish fish-bowl against a celluloid frying pan that Jacksonville cops the series. Smith will make no changes from the excellent lineup that cavorted on the lot Sunday, but it is understood that the visitors will strengthen some of their positions.

The fans of Murrayville are to be highly complimented on their support of their home team, as a large delegation from the town in the southern part of the county always attend the Jacksonville games, and there is no reason why Jacksonville fans should not be as loyal to the Indians for Smith has certainly been giving the people of Jacksonville and vicinity some real treats in the way of baseball sport this season.

KIRKWOOD SHOOT

GREATEST GAME

Overcomes Six Hole Lead Taken by Opponent—Most Brilliant Feat at Pelham Course.

PELLHAM MANOR, N. Y., Sept. 25.—(By the A. P.)—Standing out from a number of brilliant performances in the second round of the professional golfers' association championship over the Pelham Country Club course today was the feat of Joe Kirkwood, the Australian in overcoming a six hole lead taken by his opponent, the veteran James West of Cedarhurst, N. Y., on the first nine. On the last 27 holes, Kirkwood shot the greatest golf of his career squaring the match on the 27th with a birdie two and taking the lead with an eagle three on the 30th, crooked hole, 465 yards in length.

All the other leading players won handily. Gene Sarazen, shooting under par the entire round, defeated D. K. White 11 up and 10 to play. Long Jim Barnes, three strokes under par won from John Cowan 10 and 8. Robert Cruikshank defeated George Underwood of Butler, Penn., a 7-5. Walter Hagne trounced Jack Elphick 10 and 9 and Willie Ogg, shooting close to the course record topped Carl Anderson of Buffalo 12 and 11.

Kirkwood's game on the first nine was that of the Dullest dub. Then he found himself and altho he negotiated the second nine in 35, two under par he could win back only one of the six holes he had lost going out. In the afternoon he continued playing brilliantly while the game of West, the veteran fell off. Kirkwood lost one hole on the second nine, when in trying to hurried a stroke, he knocked in West's ball giving the veteran a birdie two. He started the second 18 five down. On the first nine he won back four holes and when they went to the tenth he was but one down. He holed in to square the match. He heeled the 13th for the eagle.

Another eagle was made by Jim Barnes on the 274 yard 18th hole.

Fred McLeod, the Columbia Country Club professional of Washington had a stiff engagement with James Meehan of Riverside, Ill., but won 3 and 2. John Farrell after playing even with William Hunter of Lake Forest, Illinois, for thirty holes, won four and two. Jack Stalt of Hartford, Conn., nosed out Jack Forester of Hollywood, N. J., one up.

Tomorrow's round will bring some of the stars together. In the first quarter Cruikshank will play Ray Derr and William MacFarlane will meet Jack Stalt. In the second quarter Jim Barnes will play Cyril Walker and Gene Sarazen will meet Alex Campbell of Cincinnati. Clarence Hackney and Fred McLeod and Walter Hagen and John Golden are paired in the third quarter at the bottom of draw Kirkwood, Farrell and George McLean and Willie Ogg are paired.

Mr. and Mrs. Fred Virgin were Tuesday callers in the city from Virginia.

Market Report

By The Associated Press

SHARP REACTION IN STOCK MARKET

FINANCIAL.
Total stock sales 760,000. Twenty industrials averaged \$7.97; net loss 1.24. High 1923; 105.38; low \$6.92. Twenty railroads averaged \$1.05; net loss .49. High 1923; 90.51; low 79.53. Total bond sales (par value) \$7,276,000.

NEW YORK, Sept. 25.—A sharp reaction in prices took place in today's stock market many of the leaders closing at losses of one to two points on the day. The decline was generally regarded as proof that domestic trade developments were the paramount force in the distribution of quoted values at the present time.

The opening was strong in response to official reports that Germany had decided to abandon passive resistance in the Ruhr, but the rally was not sustained and the market turned decidedly heavy on publication of unfavorable news and gossip regarding the domestic trade situation.

Oil shares, which have borne the brunt of recent selling pressure, held relatively well. United States Steel broke below \$6 for a new low on the movement on reports of a continued slackening of demand.

Independent steels sagged in sympathy. Gulf States losing nearly three points on the day.

Rails yielded with the industrials despite the publication of very favorable August earnings statements.

French francs advanced ten points to 6.29 cents and Belgian francs advanced 12 points to 5.54 cents, but both reacted from the high quotations in later trading. German marks also improved being quoted at 82 cents a hundred million.

Active United States government bond issues held steady in dull trading.

TWO YOUTHS INJURED EN ROUTE TO SCHOOL

Charles Beddingfield Has Both Legs Broken When Horse Scared at Peddler—Walnut Grove School Dismissed

Two lads on their way to attend the Walnut Grove school northwest of this city were seriously injured about 8:30 o'clock yesterday morning when the horse they were driving became frightened and plunged into a fence. Charles Beddingfield, son of Mr. and Mrs. Carl Beddingfield, suffered fractures of both legs, and Clyde Smith, son of Mr. and Mrs. Elmer Smith, had one arm broken.

Young Beddingfield was rushed to Our Saviour's hospital, where his injuries were given attention by Dr. F. A. Norris. One leg was fractured in the knee joint, and the other was broken between the knee and the thigh.

The boys were driving along the road on their way to school. When near the residence of Charles Wilkie, about eight miles northwest of the city, the horse became frightened at a peddler, who was carrying a large handbag along the road. The animal lunged to the side and struck a post in the fence. Both lads were thrown from the vehicle. Young Smith, though not so seriously injured as Beddingfield, sustained a fracture of one of his arms.

In consequence of the accident, the Walnut Grove school was dismissed for the day. At last report, Charles Beddingfield was resting comfortably, though his injuries are quite painful and he will be helpless for several months.

On account of funeral services for members of our families, store will be closed until Thursday noon.

AUTO STOLEN WEEK AGO IS IDENTIFIED

The auto belonging to Grover Lewis of the Sinclair neighborhood, which was stolen on the night of Monday, Sept. 17, during the performance of the Sells Floto circus, was found yesterday abandoned near the South Side ball park. The machine was practically in the same condition as when it disappeared, and it is thought that it has been stored in a garage most of the time. However, the license plates had been removed and altered, so that they would furnish no clue to the identity of the car.

The car had a number of other distinguishing marks which could not be so easily erased, and Mr. Lewis easily identified it. Police were notified of the presence of the car near the park by residents of the neighborhood.

Don't get caught in the jam—Park your car at Auto Inn and be safe.

HERE FROM MILWAUKEE

Miss Lena Kaulbach, who is connected with the Passavant Memorial Mother House at Milwaukee, Wis., visited friends in this city the first of the week. She left yesterday for Litchfield for a visit with relatives, before returning to her duties at Milwaukee. The mother house there is the largest of the Passavant group of hospitals.

The change will soon be complete and will afford more private office room, and will change the entrance to the private offices of the east end of the building and at the same time make more room in the general office and on the display floor.
